

Amendment
Application Filed: August 3, 2006
Serial No: 10/588,326

REMARKS

Claims 1 through 7 and 9 through 20 remain in the patent application. These claims have been rendered allowable but for the objection of not having parenthesis around the reference numerals found therein. Applicant has amended the claims to put parenthesis around each reference numeral. In addition, Applicant has made two spelling changes that Applicant failed to correct when filing its prior amendment. No new matter has been added. Therefore, Applicant respectfully suggests that the objection to the claims has been overcome and the claims are now in condition for allowance.

It is respectfully submitted that this patent application is in condition for allowance, which allowance is respectfully solicited. If the Examiner has any questions regarding this amendment or patent application, the Examiner is invited to contact the undersigned. The Commissioner is hereby authorized to charge any additional fee associated with this Communication to Deposit Account No. 50-0852.

Respectfully submitted,
